

ACCOUNTABILITY COMMITTEE MINUTES
MARCH 10, 2004 MEETING

Attendees: Cyndi Baird
Lisa Gjellum
Holly Vest
Pam Heutson
Allen Hankla
Peggy Danielson

Public Comments: Express Lunch

Holly Vest expressed concern that students are replacing nutritional lunches with “junk food” available through Express Lunch. It was recommended that the Lunch Committee submit a newsletter article outlining any policies on food sales to students, advising parents that they can request a print-out of their child’s purchases, and telling parents how to have their child’s account flagged to restrict purchases.

ACTION: ? will follow up with Lunch Committee. Holly Vest will meet with them if necessary.

Recall Process

Allen Hankla presented a draft proposal for a recall election process. The draft will be changed to include unethical and illegal conduct as grounds for removal from the Board. The draft will also be revised to show that the ballot will ask whether the Board member is to be removed or retained, and if removed, the list of replacement candidates will be included. The process will need to be approved by vote.

Survey

The results of the survey are available for publication in Speak to Peak. Additional detail is available in the Accountability Notebook in the office. The results will be presented at the Annual Meeting (not through a Peak Forum).

Accreditation

The application for accreditation as a college prep school through the North Central Association (NCA) has been submitted. If the staff surveys and additional required paperwork are submitted by 3/25, NCA will decide on 4/1 whether to recommend Peak to Peak for accreditation.

ACTION: Cyndi will follow up with Sheryl and Chris to complete paperwork.

Proposed Goals and Objectives

The proposed goals and objectives in the Strategic Plan were presented. The committee had no objections. Have the teachers been asked for input in writing objectives for the strategic plan?

For School Improvement Plan (SIP), Cyndi wants to change the process to reflect specific action.
