

As a charter school, **Peak to Peak** faces the very real and specific financial challenge of repaying bond debt that was secured to fund our original buildings. We currently use a healthy portion of our district PPR (per pupil revenue) funding to pay down this debt.

**Peak to Peak** charges its' students the following registration fees. This is not tuition, we are a public charter school, however it helps us offset costs for consumable supplies for the classes listed below. Financial assistance is available; please contact our bookkeeping office at 303 453 4664 if you have questions.

## **Puma Registration Fees** **2008-2009**
