

KINDERGARTEN ENRICHMENT FINANCIAL ASSISTANCE INFORMATION FORM 2019-20 SCHOOL YEAR

Peak to Peak requests that families seeking financial assistance apply to both programs listed below. It is important to apply to both programs prior to the beginning of school so that your tuition charges can be reduced before your first billing statement. Please see below for specific dates.

Tuition Payments are due on the 1st of each month from September 2019 - May 2020.

You will be charged and responsible for the full tuition rate until you have been approved for financial assistance as determined by the Child Care Assistance Program (CCAP) and/or the Free or Reduced Price School Meals Program (FRL). When you receive a written confirmation from CCAP or FRL, you must submit a copy to the Accounts Receivable Office in order to reduce your tuition rate and waive the registration fee. Send your written confirmation to: Amy Skinner, Accounts Receivable, Peak to Peak Charter School, 800 Merlin Drive, Lafayette, CO 80026 or amy.skinner@bvscd.org (phone 303-453-4663).

Program 2: Free or Reduced Lunch Program (FRL) – Apply by August 14, 2019

Once you are approved for the FRL program, you will need to provide a copy of your approval letter to the Accounts Receivable Office in order to receive financial assistance. Applications will be available at Elementary Testing days in August and at the front office. If approved, \$410.50 of tuition will be waived and parent/guardian tuition rate will be \$132.50 per month payable on the 1st of each month from September 2019 – May 2020.

Any person applying for financial assistance is responsible for monthly tuition payments of \$543 until the Accounts Receivable Office has received notification of eligibility. Accounts that become 60 days past due will result in the child being withdrawn from the program. At the end of the school year, parents with accounts which are not in good standing will not be allowed to enroll their child (or siblings) in P2P Kindergarten Enrichment or other tuition based programs.
