## Strategic Plan

## Peak to Peak

CHARTERSCHOOL

## Executive Summary

The Peak to Peak Charter School board of directors and leadership team are pleased to present the school's strategic plan. This plan was collaboratively developed, revised, and refined over time using a multi-faceted process with input from stakeholders in all areas of the school's operation. Peak to Peak's strategic plan is heavily grounded in our vision and mission statements, as well as our core values.

The foundation of the plan is comprised of eighteen Key Performance Indicators (KPIs)-high-level, quantifiable measurements of the school's critical success factors. These KPIs represent the foundation of Excellence upon which our success is built, and make possible the aspirational goals and initiatives. The plans for Innovation in the school's future are outlined through dynamic aspirational goals, strategies, and initiatives described in the narrative portion of the strategic plan, which can be found on our website.

Together, our excellence and innovation push us to explore leading-edge ideas and opportunities to benefit our students and guide our community into the next generation of educational distinction.

| Key Performance Indicator Overall Scores |  | Score Legend |  |

## Instructional Excellence

## KPI \#2: Student Growth

Measure: The percent of elementary and middle school students in each sub-group achieving at least the expected amount of growth according to the iReady grade level growth scores in literacy and math

Threshold: The minimum threshold is currently set to 60\%

This KPI is rated as a " 2 " (Approaching Threshold) due to the lack of consistent data and the lack of clear data patterns resulting from the pandemic. Note that years with missing data have been removed to simplify the view.

## Middle School Growth in Math

## Instructional Excellence

## KPI \#3: PSAT 8 Testing

Measure: The percent of MS 8th grade students meeting or exceeding the college readiness benchmarks on the PSAT 8 as determined by the College Board

Threshold: 75\% or more of 8th grade students will meet or exceed the college readiness composite score benchmark on the PSAT 8.

## Overall

 Score2

In the 2020-21 school year, the 8th grade PSAT was optional. Approximately 100 students did take the test and approximately $25 \%$ of students opted not to test. While this is a significant number of students missing from the data, because the score is significantly below the threshold, the KPI is currently rated at a "2" (Approaching Threshold).

## PSAT Testing - 8th Grade

The percent of 8th graders meeting the College Readiness Benchmarks on the 8th Grade PSAT composite score. The threshold is set to 75\%.

The benchmarks are determined by the College Board to be as follows: EBRW - 430
Math - 480
Total - 910

## KPI \#5: PSAT 10 Testing

Measure: The percent of HS 10th grade students meeting or exceeding the college readiness benchmarks on the PSAT 10 as determined by the College Board

Threshold: 75\% or more of 10th grade students will meet or exceed the college readiness composite score benchmark on the PSAT 10

## Overall

 ScoreDue to the pandemic, in the spring of 2020, all PSAT and SAT testing was canceled. There is no PSAT data for the 2019-20 year for 10th grade class. Since then, the KPI has dipped below the threshold and is therefore currently rated at a " 2 " (Approaching Threshold).

| \% 10th Graders <br> Meeting Math <br> Benchmark | \% 10th Graders <br> Meeting Writing <br> Benchmark | \% 10th Graders <br> Meeting <br> Composite <br> Benchmark |  |

## Instructional Excellence

## KPI \#6: SAT Testing

Measure: The percent of HS 11th grade students meeting or exceeding the college readiness benchmarks on the SAT as determined by the College Board

Threshold: 80\% or more of 11th grade students will meet or exceed the college readiness composite score benchmark on the SAT.

## Overall

Score

Due to the pandemic, in the spring of 2020, all PSAT and SAT testing was canceled. Students normally take the SAT during the spring of the 11th grade year. Instead, 93 students (about $65 \%$ of the 12th grade class) did take the SAT during the fall of 2020. While the data shown does not represent the entire class, it is a representative enough group that the data is shown on the KPI. In the spring of 2021, 138 11th graders took the SAT. The KPI is rated at a " 2 " (Approaching Threshold) due to both participation and peformance since then.

## SAT Testing - 11th Grade

| \% 11th Graders <br> Meeting Math <br> Benchmark | \% 11th Graders <br> Meeting Writing <br> Benchmark | \% 11th Graders <br> Meeting <br> Composite <br> Benchmark |  |
| ---: | ---: | ---: | ---: |
| $\mathbf{2 0 1 6 - 1 7}$ | $80.0 \%$ | $91.0 \%$ | $79.0 \%$ |
| $\mathbf{2 0 1 7 - 1 8}$ | $81.0 \%$ | $94.0 \%$ | $80.0 \%$ |
| $\mathbf{2 0 1 8 - 1 9}$ | $82.0 \%$ | $97.0 \%$ | $82.0 \%$ |
| $\mathbf{2 0 1 9 - 2 0}$ | $81.0 \%$ | $94.0 \%$ | $81.0 \%$ |

| $\mathbf{2 0 2 1 - 2 2}$ | $69.0 \%$ | $88.0 \%$ | $68.0 \%$ |

The percent of 11th graders meeting the College Readiness Benchmarks on the SAT. The threshold is set to $80 \%$.

The benchmarks are determined by the College Board to be as follows:
EBRW - 480
Math - 530
Total - 1010

## Instructional Excellence

## KPI \#7: AP Participation

## Overall

 ScoreMeasure: The percent of 12th grade students taking at least one AP exam
Threshold: $90 \%$ or more of 12th grade students will take at least one AP course by graduation.

Measure: The total number of AP exams taken by all students in any given year, divided by the total number of 12th grade students.

Threshold: The desired ratio of total AP exams taken by all students to the total number of 12th grade students is at least 6.0. This is a key data point considered when organizations rank high schools across the nation.

Additional Measures: The total number of AP exams taken by all HS students, and the total number of students, at all grade levels, taking at least one AP exam

## High School AP Testing

| School Year | \# Students assigned to graduating class | \# AP <br> Exams/ \# Senior Students | Total \# Students Taking AP Exams | Total \# AP Exams Taken |
| :---: | :---: | :---: | :---: | :---: |
| 2014-15 | 148 | 5.78 | 384 | 861 |
| 2015-16 | 130 | 6.47 | 404 | 835 |
| 2016-17 | 140 | 6.03 | 391 | 844 |
| 2017-18 | 136 | 6.26 | 392 | 853 |
| 2018-19 | 147 | 6.69 | 402 | 984 |
| 2019-20 | 136 | 6.40 | 409 | 871 |
| 2021-22 | 142 | 5.94 | 386 | 843 |

The number of AP exams taken per HS senior. This is a key data point considered when organizations rank high schools across the nation. The desired ratio is at least 6.0.

## Percent of Seniors Taking at Least One AP Course in HS

Total Number of Students Taking AP Exams and Total Number of AP Exams Taken

The total number of AP exams taken by all students, and the total number of students, at all grade levels, taking at least one AP exam.

## Instructional Excellence

## KPI \#8: College Acceptance

Measure: The percent of 12th grade students accepted into a college of their choice

Threshold: 98\% or more of 12th grade students will be accepted into a college of their choice.

Additional Measures: The percent of 12th grade students who are "College Bound" and will be attending a two or four-year college. (Students taking a gap year or entering military service are not included in the "College Bound" category, though their plans may be to attend collage at a future date.)

The graduating class in 2020 and 2021 were significantly impacted by the pandemic. Many students have chosen to delay or defer their college enrollment for a year, or to take a gap year. Because the historically shown data indicates students that are "college bound" as those attending college in the fall following their graduation, the data for the two years impacted by the pandemic show a decline. The percentage of students joining the military and/or deferring enrollment for a year were added as separate data points in 2021. The data rebounded with the graduating class of 2022, but the KPI will remain rated at a " 3 " until the trend can be confirmed.

## College Acceptance Rate and Percent of College Bound Students

The percent of seniors accepted into college as a bar graph and the percent of seniors who are college bound (will be attending college in the fall of their graduating year) as a line graph with a 98\% threshold for both.
Percent of Seniors Accepted into College (bar graph)

## Instructional Excellence

## KPI \#9: Graduation Rate

Measure: The percent of 12th grade students graduating on time.
Threshold: 95\% or more of 12th grade students will graduate on time.
Additional Measures: The number of students in each class to graduate from Peak to Peak and the number of students in each class who did not graduate from Peak to Peak on time.

## Graduation Rate \&

Number of Students Graduating in Each Class

The graduation rate is shown as a percentage in the line on the graph. The threshold is set to $95 \%$.
The number of students who graduated is shown the the bar graph. The number of senior students who graduated is shown in blue. The number of senior students who did not graduate is shown in orange.

## Graduation Rate Table

| School Year | \# Students assigned to graduating class | \# of Students <br> Who Graduated |  |

## Relational Excellence

## KPI \#11: Family Satisfaction (Page 1 of 4)

Measure: Based on the number of participants responding to the Annual Family Survey, the percent of respondents submitting an overall positive response.

Threshold: Overall, $80 \%$ of responses are in the positive range.
Additional Measures: The percent of Peak to Peak families participating in the Annual Family Survey. Survey results are not statistically significant unless at least $60 \%$ of families are participating in the survey.

The total number of students who withdrew from Peak to Peak during the indicated year, as compared to the total number of new students who were admitted to Peak to Peak during the yearly Open Enrollment process. The number of students at each grade level selecting Peak to Peak as their "First Choice" school in the yearly Open Enrollment process. The number of students at each grade level admitted into Peak to Peak in the yearly Open Enrollment process. The number of students at each grade level who withdrew during the indicated year.

*The measure for this KPI is dependent upon participation in the Annual Family Survey. Survey results are not statistically significant unless at least $60 \%$ of families participate in the survey. For many years, the results of the Annual Family Survey demonstrate a satisfaction rate that is well above the target of $80 \%$ positive, however, the participation rate precludes the highest score. In recent years, satisfaction has fallen below the threshold though the participation threshold was met in 2021.

## Relational Excellence

## KPI \#13: Student Internal Climate Overall Survey Results

Measure: The percent of positive student climate survey responses at each school level (elementary, middle, and high)

Threshold: The minimum threshold is set to $80 \%$ positive responses at each school level.

## Student Internal Climate Survey Results

## Operational Excellence

## KPI \#14: Compensation (Page 1 of 4)

Measure: The actual percent increase in Peak to Peak's average teacher salary each year, and the dollar amount that would represent at least a $2 \%$ increase in the average Peak to Peak teacher salary over Peak to Peak's prior year's average

Threshold: The threshold is a 2\% or greater increase in the average Peak to Peak teacher salary each year. This threshold is based on the minimum level of increase in state funding each year. In the event that the state funding is consistently lower, this threshold is subject to change. The current salary scales reflect this increase at each step.

Additional Measures: Average teacher salaries for Peak to Peak, BVSD, and Colorado

The cost (dollars spent) for benefits each year including: dental insurance, health insurance, life/AD\&D insurance, long term disability, short term disability, Medicare, and PERA

The cost (dollars spent) on stipends each year including: Center for Professional Development stipends, activities stipends, and instructional stipends

The cost (dollars spent) on salaries each year including and the cost as a percentage of revnue for the the following groups: Teachers; Administrators, Counselors, \& Media Specialists; and Support Staff

The number of new staff members attaining Peak Option designation at each level and overall
The cumulative number and percentage of staff members with Peak Option at each level and overall

## Operational Excellence

## KPI \#16: Financial Reserves

Measure: The number of "Days Cash on Hand," which is determined by evaluating the cash reserves against the daily operating costs

Threshold: The current minimum threshold is set to at least 95 "Days Cash on Hand".
Additional Measure: Financial reserves as calculated by the total year-end cash on hand and the TABOR reserves evaluated against the total operating expenses and the depreciation expense to determine a daily operating cost

Financial Reserves

| School <br> Year | Year-End Cash on <br> Hand | DailyOperating <br> Expenses <br> $2015-16$$\quad \$ 4,467,943$ | $\$ 41,138$ |  |
| :--- | ---: | ---: | ---: | ---: |
| $2016-17$ | $\$ 5,289,104$ | $\$ 43,073$ |  |  |
| $2017-18$ | $\$ 5,230,976$ | $\$ 44,732$ | 108.6 |  |
| $2018-19$ | $\$ 6,753,276$ | $\$ 47,105$ | 122.8 |  |
| $2019-20$ | $\$ 7,623,555$ | $\$ 47,934$ |  |  |
| $2020-21$ | $\$ 8,347,703$ | $\$ 46,785$ | 116.9 |  |
| $2021-22$ | $\$ 9,066,343$ | $\$ 55,076$ | 143.4 |  |

## Operational Excellence

## KPI \#17: Fund Development (Page 1 of 3 )

Measure: The number of Peak to Peak family households making at least one financial donation to the school, shown as a percent of the total number of Peak to Peak family households

Threshold: At least 40\% percent of Peak to Peak family households make a financial donation to the school
Additional Measures: The total number of donations received and the percent change year over year
The total number of individual donors and percent change year over year
The total number of family households with at least one volunteer

The percent of family households with volunteers and the percent change year over year
The gross revenue and the percent of target for fund development revenues are also shown.

## Family Participation in Fund Development: Percent of Households Making Financial Donations

| School <br> Year | Number of Households Making <br> Financial Donations | Percent of Households Making <br> Financial Donations |  |
| :--- | :---: | :---: | :---: |
| $2017-18$ | 932 | 418 | $44.8 \%$ |
| $2018-19$ | 933 | 428 | $45.9 \%$ |
| $2019-20$ | 933 | 479 | $51.3 \%$ |
| $2020-21$ | 914 | 286 | $31.3 \%$ |
| $2021-22$ | 931 | 431 | $46.3 \%$ |

100.0\%

Prior to the 2017-18 school year, data collection for this KPI was limited to the total number of families participating. Going forward, data will be collected for the activities shown.

In 2018-19, the school adopted more sophisticated volunteer tracking processes.

In 2021-22, the reduced gross revenues are primarily due to a drop in the market value of the Peak Scholarship Fund investments. Going forward, fundraising dollars will be reported without including the market value of these investments.

## Historic Family Participation in Fund Development Activities

| School <br> Year | Number of Families <br> Enrolled at P2P | Overall Percent <br> Participation |
| :--- | :---: | :---: |
| $2015-16$ | 814 | $72.0 \%$ |
| $2016-17$ | 922 | $67.0 \%$ |

## Operational Excellence

## Energy Use

The energy use per square foot of buiding space for each school year. Electricity usage is show as kilowatts per square foot. Gas usage is shown as therms (a measurement of the amount of heat energy in natural gas) per square foot.

[^0]:    The color on the bar graph is representative of the number of students who did not graduate.

[^1]:    For each of the subgroups staff members (Teachers and Counselors, Administrators, Hourly Support Staff, and Professional/Other Staff Members) a retention percentage and a turnover percentage is provided, as well as total staff retention and turnover percentages.
