

Rotary Grants and Scholarships

Boulder area Rotary Clubs will award approximately 6-10 scholarships to seniors graduating from Boulder Valley High Schools in 2022. The awards are made based on projected ability to succeed in college as well as scholastic, volunteer, and extra-curricular activities during high school. Financial need may be considered. The Rotary Clubs reserve the right to award scholarships to alternate candidates should any scholarship recipients fail to meet qualifications or receive additional scholarships which precludes the need for a Rotary scholarship (example: Boettcher Scholarship).

Boulder Rotary Club

The Boulder Rotary Club typically awards several "Resident Scholarships" that may be used for tuition or fees for the recipient's freshman year at any accredited college or university, **including community colleges, located within the State of Colorado**. Scholarships are for students who intend to complete a four-year degree. Boulder Rotary has several scholarship programs; applicants may only receive an award from any one Boulder Rotary scholarship program during a typical school year (August to May). Individuals must supply final college enrollment information to the Rotary Club when requested to facilitate payment for the fall semester. Recipients must also supply grades and confirmation that they will return to school for spring term(s) to facilitate payment for the spring semester. Failure to provide, or reply to requests for such information may result in delayed payments and/or loss of scholarship.

Boulder Valley Rotary

The Boulder Valley Rotary Club typically awards two to three scholarships, which may be used for tuition and fees for the recipient's freshman year at any accredited college or university. The grant will be forwarded directly to the college or university that the student attends.
