Kelly Reeser,

This letter is to notify you that on February 15, 2018, the State Board of Education approved the charter waiver request related to C.R.S. § 22-7-1014(2)(a) and denied the charter waiver request related to C.R.S. § 1019(4) that the Boulder Valley School District RE-2 submitted on your behalf. The former waiver will be valid through the term of your current charter contract with the School District.

Please note that charter schools must always meet the provisions in the Charter Schools Act. In addition, the waivers are subject to review by the Colorado Department of Education at any time.

Please contact me if you have any questions.

Sincerely,

Bill Kottenstette
Executive Director
Schools of Choice, CDE
